# 1. Configure Extension :

The screenshot displays the Magento Admin Panel interface. At the top, there is a navigation bar with the following tabs: Dashboard, Sales, Catalog, Mobile, Customers, Promotions, Newsletter, CMS, and Evince Extensions. Below this, a secondary navigation bar includes System, Responsivebannerslider, and Evince Notification. A yellow banner at the top contains a "Latest Message" with a red exclamation mark icon, stating: "Reminder: Change Magento's default phone numbers and callouts before site launch".

On the left side, the "Current Configuration Scope" is set to "Default Config" with a "Manage Stores" link below it. The "Configuration" sidebar is expanded to the "ADVANCED" section, with sub-items for Admin, System, Advanced, and Developer. The "Store Maintenance Mode" option is selected and highlighted with a red arrow.

The main content area is titled "Store Maintenance Mode" and contains a "Configuration" section with the following settings:

- Enabled: Yes
- Enable Store for Admin: Yes
- IP's that Can Access Store Front-End: (empty text field)
- Custom Display Page HTML: 

```
<!doctype html>
<title>Site Maintenance</title>
<style>
body { text-align: center; padding: 150px; }
h1 { font-size: 50px; }
body { font: 20px Helvetica, sans-serif; color: #333; }
article { display: block; text-align: left; width: 650px; margin: 0 auto; }
a { color: #dc8100; text-decoration: none; }
a:hover { color: #333; text-decoration: none; }
</style>
```

A yellow callout box with a red arrow pointing to the HTML field contains the text: "Html For Page Display In Front-End At the Time Of Maintenance".

At the bottom of the configuration area, there is a checkbox labeled "Show Custom Page To Your Customer Instead Of Blank Page." which is currently unchecked.

A yellow callout box at the bottom left provides navigation instructions: "Go To System -> Configuration- -> Advanced -> Store Maintenance Mode".

## 2. Front end view of extension :

# We'll be back soon!

Sorry for the inconvenience but we're performing some maintenance at the moment. We'll be back online shortly!
