

# Ajax Newsletter

## Magento Extension User Guide

**Introduction:** Ajax Newsletter Magento 2 extension helps your customer/visitors to subscribe to the newsletter on site without page refresh. Normally when customers subscribe to an email, the website will be reloaded. It is not convenient. So that to tackle this problem we provide Ajax Newsletter extension.

It provides Ability to enable/disable extension from the backend. The customer can see the newsletter textbox in the footer and subscribe it using ajax. You can get more newsletter subscribers with your e-commerce store. It also Provides fully customizable interface of the extension that beginner can easily set-up.

## Main Features

- Ability to enable/disable extension from the backend.
- Submit newsletter without loading the whole page.
- After successfully subscribe it will display the thank you message.
- Easy to Install & use.
- 100% Open Source Easy to Customize
- Fully Responsive
- Get more Orders & Subscribers.
- Follows Magento Code Architecture
