

# Extended Product Grid

## Magento 2 Extension User Guide

**Introduction:** This Extended product grid extension for Magento 2 encourages you to rapidly alter and edit items straightforwardly from the admin product grid. For instance, in the event that you need to change the amount and cost of different items, you should simply enter the incremental or decremental item quantity and new cost in the products. Admin will be astonished by how much time they can spare by utilizing this extension.

Refreshing items from the product grid encourages you to spare a lot of time since you don't need to go to an individual item page in admin.

### **All Features list**

- Alter and edit many items composes and their information from the grid.
- Ability to display the product category in the grid.
- Ability to filter products by category.
- Admin can also display creation at, updated at, up-sells, cross-sells, low stock, and frontend link column in product grid.
- Admin can also be able to edit the category field which is not a default Magento functionality.
- Extend the product grid to show selected attributes column.
- Ability to click and view how the product looks on frontend from the grid.
- Easy to install and configure.
- Very light weight extension.
- Compatible with all the web browsers.

### ➤ Backend Functionality

#### 1. Name and SKU

The screenshot displays the 'Products' management interface. A sidebar on the left contains navigation links: DASHBOARD, SALES, CATALOG, CUSTOMERS, MARKETING, EVINCEMAGE SLIDER, EVINCEMAGE TESTIMONIAL, CONTENT, COD AVAILABILITY, REPORTS, and STORES. The main content area is titled 'Products' and includes an 'Add Product' button. A yellow callout box says 'Please go to Catalog >> Product'. Below this, there are filters and pagination controls. A table lists products with columns: ID, Thumbnail, Name, Type, Attribute Set, SKU, Price, Quantity, Visibility, Status, Websites, Action, Categories, Stock Status, and Created At. The first product is 'Joust Duffle' with SKU '24'. A yellow callout box points to the SKU column, stating 'Admin can edit the name and SKU code from here only.' At the top of the table, there are 'Save Edits', 'Cancel', and 'Save Edits' buttons.
