

# WhatsApp Product Share

**Magento 2.x**

**Extension User Guide**

**Official extension page:** [WhatsApp Product Share](#)

**Introduction:** WhatsApp share extension allows the users to share product link through WhatsApp when browsing the store through a mobile device. Thus, it is a good option for an e-commerce site to share products page you may like.

When the user clicks on WhatsApp share button on the product detail page it redirects the user to the WhatsApp contact list (if WhatsApp installed) then the user can share that product information with page link. In this extension, we also allowed the custom message with product page URL. Admin can also decide the size of the share button for mobile view.

### All Feature list

- Admin can select 3 sizes of Button: small, medium and large.
- Admin can select any one button position:
  - product detail section
  - bottom of the screen
  - for both sections
- Allowed to add the custom message with product page URL.
- Extension is easy to configure.
